Statement of Aims, Principles and Practice

WBS Guardians aims to be the leading provider of Educational Guardianship in the

UK.

Our principles are to:

- Put your child at the heart of everything we do and take a genuine interest

in the well-being of the students that we look after.

- Prioritise the student's safety and development.
- Promote an environment of trust, openness communication between students, schools and WBS guardianship staff and homestay hosts, so that the student welfare, safety and pastoral care is recognised as a top priority.
- Instil a safe and nurturing environment to enable students/children to develop, succeed and mature whilst studying in the UK, under our guardianship.
- Provide opportunities for continued training and development of all those representing WBS Guardians.
- Promote the need for all those who come into contact with WBS Guardians to respect and recognise the diversity of our communities and not to discriminate.

The purpose of WBS Guardians is to provide a safe, caring and supporting environment

for the students that we look after and their parents whilst working closely with our

partner schools and host families.

WBS Guardians will be professional and courteous at all times.

Through regular communication and student visits we will ensure that at all times we will

offer a personal, caring and compassionate service and we will care for our students as we

would our own children.
